No Artwork? No Problem.

320ink will help you design your t-shirts and send you a **virtual mock up** so you can see how your design will look on the shirt before we even print. You get the assurance of no surprises when your order is delivered. **We also deliver free to the Southern Maine region.** That's another reason 320ink is your choice for Maine screen printing. **If you are out of state, no problem. We ship anywhere UPS does.**
